Farewell to Rev. and Mrs. E. J. Hoad

A very pleasing afternoon tea party was given in farewell to Mrs. Hoad last Saturday, Nov. 6th. The spacious drawing room at Mrs. Ridley's was well filled by the ladies of St. Michael's. At about four o'clock the rector and several vestry men arrived. Mr. Crowther most aptly voiced the opinion of all parishioners in deeply regretting the removal of the Rev. and Mrs. Edward Hoad, but wished them God-speed in their new duties. As a mark of esteem he asked them to accept a walnut coffee table. Wreathed in smiles, his Reverence replied, "this is just what my wife and I were saying up our pennies to buy — thank you — one and all. It is a most welcome remembrance of our brief and very happy sojourn among you."

CADET CORPS

Strathmore Royal Canadian Army Cadet Corps

Presentations have been made to Cadet H. Craddock and Cadet Murray Ridley.

Hilliard won two medals in the Dominion of Canada Rifle Association Matches. One medal for making a score of 92 or better, the second for best average for his team of eight cadets. In addition Hilliard made the best score in the Lord Strathcona Rifle Match B-competition for Military District No. 13, being awarded a lovely engraved medal.

In the Winter shoot held by the Strathmore Corps, Murray Ridley made the best average score. He was presented with a Strathcona Trust Best Shot Badge.

Enrollment is now at its peak of 36 Cadets. New uniforms have been issued to 30 Cadets, and it is hoped additional uniforms will be purchased later, so that all may be properly uniformed.

Rev. Hoad Preaches Farewell Sermon

"The Grace of the Lord Jesus Christ be with you" was the text chosen for an impressive and appreciative sermon delivered by Rev. E. J. Hoad to the Parishioners of St. Michael and All Angels' Sunday last.

The Church was filled. Rev. and Mrs. Hoad are leaving behind many warm friends whose good wishes will follow them into new fields.

SOROSIS SOCIETY MEET

The Sorosis Society met Wednesday evening at Mrs. MacKenzie's home.

The Treasurer's report showed the society in a healthy condition.

The Card Parties have been financially successful and socially enjoyable. The last one will be held at Mrs. Willson's home Thursday, Nov. 18.

Ten dollars was voted to the Strathmore Standard to assist in the cost of sending the Standard to men overseas.

Two letters were read from men now in Kiska who had received the Sorosis parcels sent in October. Plans were made to send cigarettes at Christmas and also the local Welfare Work which latter is very much reduced from former years.

We Shall Remember Them

Underlying the Service of Remembrance, a solemnly serious atmosphere prevailed. It could not be otherwise though buoyed up by the hope and expectancy of Victory, as we now are.

The School Cadets in their smart uniforms, appearing for the first time at a Public function, made a most creditable showing. Veterans of the last war, were the serious men, in keeping with the present and past experience.

Rev. Hunt gave an exceptionally sympathetic address, basing his remarks on the words, "We shall remember them" "Memory, Mr. Hunt said, "is one of the links which binds us with the men and with God. This corporate service of Remembrance was a serious and holy act.

The importance of this corporate act of remembrance should lead us to make plans to observe the next Armistice Day, in corporate solemn remembrance rather than in the delirium of excitement.

"Age shall not weary them.
Nor the years decay."

Wreaths were laid by —
Constable Mott — For the Province.
Mayor Gannon — For the town.
Pres. C. E. Way — For the Legion.
Mrs. H. Backs — For our Fallen Heroes.

Mrs. G. H. Patrick — For the Red Cross.
Mrs. Van Tighem — For the Sorosis Society.

A Joint Memorial Day Service will be held Sunday at 3 p.m. in the Memorial Hall, when the Rev. Dean Smye of Calgary and Rev. W. E. Sieber of Carleton will conduct the service.

STRATHMORE UNIT AGAIN OVER THE TOP

The Strathmore Unit has again, for the 5th, time, gone over the top with flying colors. Although the objective set for the 5th Victory Loan was 187,000, being 4 or 5 times more than the

1st. Loan and an increase of some \$36,000 over the 4th, this amount has been met and exceeded by 20% — a splendid showing. Congratulations to the Canvassers who have made this possible and for the fine team work shown throughout. The Committee are proud of you all.

A few of the highlights of the Campaign might be mentioned —
1. Basing the total population of Strathmore at 500, the total subscribed in town would amount at \$70 per person.
2. One Canvasser made 91 calls and sold a bond to all but 4.
3. The C. P. R. Department of Natural Resources employees at Strathmore exceeding their objective set by 49%.

4. Conrich Municipality again showed their patriotism by purchasing a good sized bond which benefited both the Crossfield and Strathmore Units.

5. Each and every one of the Canvassers exceeded the amount collected in the 4th. Loan and by a good margin.
6. All Salesmen were met in an exceptionally friendly spirit.

C.P.R. OFFICIALS VISIT STRATHMORE

That this heavy program may be well supported. Open weather and roads and minds closed to other pursuits at service hours, will permit the Church to extend her services in the present emergency.

Respectively yours,
The Church Boards.

WRITTEN SPECIALLY FOR THE
WEEKLY NEWSPAPERS OF CANADA
by JIM GREENLAF, Editor of the SUN
SWIFT CURRENT, SASKATCHEWAN

A through air service from Ottawa to Nassau, Bahama Islands via New York and Miami is heralded to commence very soon by Colonial Airlines Inc., with trip total flying time of 10 hours. . . Bureau laughs—the woman who wrote to the Regional Offices of Prices Board asking what articles were going to be rationed next "so I can lay in a supply" . . . and the employee who phoned Selective Service asking if he could be "frozen" so the boss couldn't fire him. . . According to the W. P. T. B., Santa's reindeer will float light as a feather this Christmas because wood and plastic toys will be available in fair supply. . . Metal and rubber toys will be non compos mentis—or is that the word? . . . the accent will be, owing to shortage of labor by toymakers, on pieces of this and that, so ingenious Johnny can do the assembling.

Under direction of the Consumers Branch, W. P. T. B., I am told, wardrobes of children's made over clothing are being sent to a total of 108 centres in Canada. They offer a variety of new ideas, even to makeover experts like Canadian mothers, particularly in

re-claiming apparently useless material and turning it into something wearable. Emphasis is placed on combinations of pretty colors, tailored smartness and on unusual ways of turning the total losses in the wardrobe into active garments. Included in the kits are several styles of children's underwear cut down from daddy's union suits. It's the first time in our country's dressmaking history that patterns have been available for children's underwear.

More than 14,000 Canadians in the Armed Forces serving in England have married English girls, believe it or not, according to a recent announcement. A lot of new moms will have to learn to bake apple pies.

Due to feed shortages in Canada and expected lower production in hogs for 1944, our new ham and bacon agreement with the U.K. provides for delivery of not less than 900 million lbs. over a two-year period, as compared to current agreement of 675 million lbs. in one year. The new price will be \$22.50 a hundredweight, up to 75 cents. Odds and ends of interest—Gross operating revenues of our Canadian

railways increased to \$69,737,022 in July, a new high monthly record. . . The first "Canadian Bible" is now rolling off presses in Toronto; since 1604 printing rights have been strictly controlled, only four other firms in the British Empire having the authority to print Bibles. . . Since 1940 Canada has launched more than 200 steel cargo ships, aside from warships and other war craft. In a single convoy these 200 ships could carry the following mixed cargo—enough food to feed the entire population of Britain for one week, enough lumber to build 18,000 four-room cottages, 400 bombers, and enough aluminum to build more than 12,500 fighter planes, steel for 7 battleships, enough bombs to drop 10 pounds on every German subject and motorized equipment to supply 200 in fantry battalions.

Aircraft workers in Canada have saved the nation over 200,000 cash in direct production costs by suggestions made since the first of the year and perhaps millions indirectly, according to the Aircraft Industry Relations Committee. One Canadian worker made a simple technical suggestion which saves 5,625 man hours on every one hundred aircraft.

The 1943 honey crop—one of the best on record—gets a preliminary estimate of 32,520,000 lbs., exceeding the previous year by 35 per cent. One-third of the total was produced in Ontario. The prairies produced 14 million lbs., five million was extracted in Quebec; 1,200,000 in British Columbia and the Maritimes were somewhat less than in 1942.

Ottogossip—The City of Ottawa is studying a post-war program involving \$900,000 worth of new sewers and 26½ miles of new pavement and sidewalk costing another \$900,000. . . Construction is starting on a new 80,000 square foot annex to house Ottawa's largest cafeteria which will feed 7,000 civil servants. . . There is such a demand for conversational Russian that a class is being started by the High School of Commerce. . . A staff of 400 at national registration headquarters keeps busy, making some 133,000 changes a month in the records of about nine million Canadians.

The Swedish liner Gripsholm which is expected to arrive in New York early in December, will bring a good-sized Canadian party, repatriated—in an exchange with Japanese. The majority of the Canadians are missionaries, members of religious orders, business men and their wives and children. More that half come from occupied China and Hong Kong; some from Japan, Manchoukuo and Korea, and some from the Philippines and French Indo-China. The voyage outward carried medical supplies and vitamins from Canada sufficient to serve 5,000 people six months. With other relief stores, these will be made available to Canadians and other Allied prisoners and internees still in Jap hands.

To keep the kettle boiling was her constant thought for one and all alike always a charming hostess and always ready to lend a helping hand where needed. We sincerely hope both Mr. and Mrs. Koch will enjoy their new home in Strathmore and we wish them health and happiness for many years to come. A faithful friend is the medicine of life. ROCKYFORD

—By K. M. G.—

Special Anniversary services of the Rockyford United Church were conducted on Sunday, Nov. 7th with Rev. H. V. Ellison conducting the service and Dr. Hart giving the address at both morning and evening services. The choir rendered several selections and were assisted in the evening by three ladies of Rosebud, who also gave a trio which was enjoyed very much. Dr. Hart, who is a very busy man, took time to visit Rockyford and gave an inspiring talk at each service.

On Monday afternoon and evening the ladies of the church held their annual Bazaar and Chicken Supper, and it was a huge success. The large hall was crowded and the tables were busy for over two hours with the waitresses doing their best to give everyone good service. A picture show finished off the day and gave the willing workers a chance to relax. Rev. Ellison took this time to thank the ladies for their wonderfully successful effort and also Dr. Hart for coming to us with his messages.

Customer—Those sausages you sent me had meat at one end and bread at the other.

Butcher—Yes, ma'am; in these times it's difficult to make both ends meet.

Two Toronto Boy Scouts, Bill Fawcett, 15, and Jack Davies, 16, solved the travel problem this past summer by undertaking a 2,800 mile bicycle trip from Toronto to Halifax and return, via New York. The six week trip cost the Scouts \$50 each, including food, souvenirs and film for their cameras. They carried their own camping equipment and slept every night but two in their pup tent. All meals were eaten outdoors. They visited Montreal, Quebec, Halifax, Boston, New York, Rochester, Buffalo and Niagara Falls.

AIRMEN BOOSTING NATIONAL PARKS

An unforeseen by-product of the British Commonwealth Air Training Plan may be an unusual flood of visitors to the national parks of Canada after the war, according to park officials here. Enthusiasm for the parks expressed by airmen in Canada who have been fortunate enough to spend leave or reconconditioning period in them and who are carrying their praises to all parts of the world, will have this result.

Tourist travel on an unprecedented scale is expected after the war. This will be due in part to the desire for

TWELFTH SEASON

travel which is being stemmed by present conditions, in part to the fame which Canada is attaining on the battlefronts of the world, and in part to the reports about our national parks which are being carried to the British Isles Australia New Zealand the U. S. and elsewhere by soldiers, sailors and airmen who have been fortunate to visit them.

Meanwhile, the parks are being used by Canadians to a surprising degree. transportation restrictions have shut off most of the long distance travel, but residents both of town and country are making use of the parks within reasonable reach as places to maintain bodily health and mental morale. The vacation season just ended was remarkable for the number of Canadians in the parks, many of them in the uniform of the Armed Forces.

Expenditures on the parks during the war are limited to the minimum amount necessary to maintain these national properties, but great developments are foreseen with the return of peace.

He is one of the first of our local boys to return from active service overseas. We hope to see many more in the near future.

Miss Edith Madsen was the lucky winner of the home made Christmas cake.

last week. Jimmy and Val have spent the past four months with their grandparents and were popular little visitors wherever they went.

It is a pleasure to be able to report continued improvement in the health of Mrs. G. Gregory, who has been very ill in the Holy Cross Hospital.

Mr. and Mrs. George Fraser, parents of Mr. Tommy Fraser have taken over the Danla restaurant and Mrs. Fraser's good meals, especially the pies, are making the restaurant a popular spot for the young folks to congregate. Fresh paint and a good clean up job has considerably improved the interior of the dining room.

Mr. Bill Zellink went to Acme on Friday to be present at the funeral of Mrs. John Zidek, which took place on Sunday afternoon. Mr. and Mrs. were residents of Standard several years ago, when Mr. Zidek was section foreman here.

Many of the last minute purchasers came from Chancellors and a special thanks is extended to them.

St. James Troop and also the city's famed Exhibition Troop.

THE CHARTERED BANKS of Canada keep abreast of the Dominion's expanding needs.

Six times since 1870 the Bank Act under which the Chartered Banks operate has been revised by parliament—six times in that period the activities of the banks have been carefully scrutinized by the people's representatives.

Every ten years the Bank Act has been thus revised. Each one of the six decennial revisions has contributed much to the evolution of the banking system to meet the expanding needs of a developing Dominion.

In 1934 the sixth revision of the Bank Act was made. Fifty members of the House of Commons

made up the committee, which examined witnesses—among them bank officers, government officials and reformers—and studied exhibits filed by various individuals and organizations. Findings were submitted to the House, and later that year the Bank Act was revised in many important particulars.

Through democratic enquiry and decision, the Canadian banking system has grown and been adjusted to meet the needs of the people, providing a depositary for savings and a sound basis for Canada's free economic development.

ARMISTICE — 1918

THEY are strange thoughts that cross one's brain as we gather at the Cenotaph to commemorate the Armistice signed in November 1918. Now in this year of our Lord 1943, our minds are filled with very confused thoughts, and our hearts are not gay as they were, when the bells and whistles throughout the Allied Nations proclaimed the end of the War in 1918.

The War to end Wars so we thought and so brave men fought and died, flinging the torch to us to Light the Way to Peace.

Now today, twenty-five years later, the world is engaged in a more terrible, more wide-spread more appalling conflict than we then knew.

Skillful mechanics have added more and more new gadgets to increase the death dealing power of their inventions.

The human body has been trained to perform deeds of daring well-nigh suicidal.

All this in a so-called civilized world.

Yet we know at this stage there is only one course to pursue, that is to carry through to Victory.

The price of Victory is very high. The framing of the Peace conditions will need as keen and far-sighted vision

CHEADLE

— B. W. —

Miss Verna Barber was the guest of honor at a miscellaneous shower when Mrs. Lee Welshimer, Mrs. Bob Russell and Mrs. Doris McDougall entertained at the home of the latter.

After some humorous advice to the bride elect little Doris Welshimer presented her with a host of lovely gifts, tastefully done up in a miniature school house.

Verna every fittingly expressed her sincere thanks after which a delicious lunch was served by the hostesses.

Mr. and Mrs. Jack Kirtin and baby, Brian, were week-end visitors at the home of Mr. and Mrs. Bob Russell.

A large number of Cheadle people gather at the Hall on Saturday evening

as have the generals who have framed the war maneuvers.

There must be a willingness to live and let live even for those now our enemies.

Only such Peace Terms will prevent a recurrence of War in the next generation.

A thought too appalling to entertain. A lasting peace can be made. It must be made.

Nothing less is worthy of the men whose memory we commemorate today and of those now striving for the Peace.

in honor of Mr. and Mrs. Ches Barber who are moving to Calgary.

Since Mr. and Mrs. Barber were celebrated their 31st. Wedding Anniversary, the evening's entertainment Anniversary Waltz. Games were played after which Emory Jackson on behalf of all present presented the guests of honor with a tri-light lamp. The ladies then served a very nice lunch. On behalf of the members of the W. W. Mrs. Silverthorn presented Mrs. Barber with a nice little brooch.

—A THOUGHT BY THE WAY—

We have no right to judge a man, Until he's fairly tried;
 Should we not like his company We know the world is wide
 Some may have faults, and who has not

The old as well as young?

Perhaps we may, for aught we know Have fifty to their one.

It's a losing proposition trying to beat the Weather Man at his own game. Remember—you can kid yourself that no harm is done by waiting until your gears are stiff from "frozen" grease... or your oil takes several minutes to flow freely... or your radiator spurts forth those tell-tale streams of steam—but kidding yourself certainly won't save your pocket from repair bills later.

WALTER NIXON, veteran "mountain man", Canadian Rockies guide and rancher, guided the Earl of Athlone and Princess Alice on their hunting trip through the East Kootenay area during which the Governor General brought down a large mountain goat.

Originally from Ontario, Guide Nixon has ranged in the Upper Columbia Valley, B.C., for almost forty years; has been a game warden in that area and in the Kootenay River and Leacholl districts.

Her bridesmaid, Louise Duffield of Regina wore a coral pink chiffon dress. She carried a bouquet of coral tinted carnations with matching flowers in her hair. E. W. The Course To Follow

Grain congestion is very severe at the present time. The small initial wheat delivery quota amply demonstrates the truth of this statement.

In face of such conditions it is difficult for farmers to direct their limited quotas to the elevators of their choice, which in most cases is the Pool Elevators. The Pool System acknowledges that the problem is a complicated one. To tell the farmers to deliver all their grain to Pool elevators when space is so limited is simply not common sense.

But the Wheat Pool does suggest that where farmers have any selection in the matter the Pool elevators should get the preference. Furthermore, if you are compelled by unavoidable circumstances to deliver your grain elsewhere do not forget that you should return to Pool elevators whenever the situation clears up and the congestion is relieved.

CANADIAN PACIFIC

PART of the Canadian Pacific Railway's campaign for rigid conservation of coal during this heating season is a special booklet of instructions, the front cover of which is illustrated above and which all those immediately responsible for handling company coal must follow. Supplementing the booklet a general appeal on home saving possible has gone to the almost 70,000 employees of the company and the subject will be kept alive by a continuing intra-company educational series. All phases of the campaign, announced by W. M. Neal, the vice-president, are expected to save 500,000 tons of coal throughout the system itself, with the home savings by Canadian Pacific people expected to add considerably even to that impressive figure. The company saving will be 10 per cent. on the approximate 5,000,000 tons of coal required annually—a remarkable saving when considered in the light of the Canadian Pacific's own conservation campaign to increase operating efficiency, which has been intensively pursued for 10 years.

Appeal for Men Who Can
Be Spared From Farms

Under the Dominion-Provincial farm
 Labor Program, an appeal is being
 made for men, who can be spared from
 the farms during the winter months,
 for work in other essential industries.
 The need in industries such as logging,
 lumbering, mining, fishing, packing
 plants and track maintenance is acute
 and in order to meet the requirements
 in these industries, farmer and farm
 workers, who can be spared from the
 farms during the slack season, are being
 asked to take employment outside
 of agriculture.

Only men who can be spared from
 the farms will be accepted for employ-
 ment in other industries, and to guar-
 antee essential men leaving the
 farm, the approval of the District Ag-
 riculturist or Local Labor Representative
 is required before the worker is
 directed to other work.

Host—I was thinking of sending
 some of these cigars to the front.
 Guest—How can you be sure the
 Germans will get them.

The Lord gave us two ends to use,

One to think with, one to sit with;

 Heads we win, tails we lose.

BOOK REVIEW

"THE BOOK OF SMALL" (By Emily Carr)

—Oxford University Press—

As far back as "Small" could remember, "Father's place was all made and in order". That was because she was born in Victoria, B. C., and didn't remember the trip around the Horn to the New Land, or the building of the house in 1863. "Small" was Emily's childhood name . . . Emily Carr author of "Klee Wyck", and winner of the Governor-General's award for non-fiction in 1941, now late in life writing of Canada as few have written before. Father moves through the book, busy with his cane, "to swish things out of the way". He doesn't swish Emily out of the pages, however, and we know he wouldn't wish to do so, for it must have been Emily who most often brought the rare "twinkle" to his eyes.

"Father was a stern straight man, straight legs and shoulders, straight side-trim to beard, the ends of which were straight-cut across his chest. From under heavy eyebrows his look was direct though once in a rare while a little twinkle forced itself through. Everyone in the family whizzed around Father as a top around a peg."

Here is a story of Victoria in the eighties with every possibility of that rich canvas realized the physical contours of the town in its early development ("Victoria was like a lying-down cow chewing"); Emily's own family, all the animals and "creatures" she loved, Mothers callers, the Bishop, and lesser strata; Bong, the Chinese help, and Mary, the Indian wash-woman.

We go by Father's store, where the glass jars held sample English sweets. The labels said they were pure, wholesome and English. We come upon the Cathedral, the Saloons and Roadhouses.

Emily's elder sister, driving out in style, was mortified to find her new horse had had a master who expected it to stop at every Roadhouse.

The streets had no particular plan. "Cows' hooves hardened the mud into twisty lanes in their meanderings to and fro. People just followed the cows' footsteps." It was a drove of cattle on Fort St. which brought about Small's rescue, through one of the doors which said "Bar" and "Parlour" into the interior of a saloon and gave her quick-sighted eyes a chance to make an inventory, "I was in a saloon at last." Like so many forbidden fruits, the experience proved disappointing.

Writing of places and people of another time, the author recreates a other world for us. Adults, whose memories reach back to the eighties, will live again with "Small" the significance of Sunday, and the Saturday preparations for it. "All our Sundays were exactly alike. They began on Saturday night."

Memory will fill in the picture. Prayers in bed were a special concession to open pores and then "we cuddled down and tumbled very comfortably into Sunday." Sunday was from 7:00 a.m. and Father's "Rise up! Rise up! children," until 9:00 p.m. or thereabouts when "Pouf! out went Sunday and the candle." It was a rigorous schedule softened a little by a walk with Father and Mother over the ten acres in the afternoon.

"Father was proud, thinking as he looked across the beautiful place that he had made it out of wild Canadian land. He thought how splendidly English he had made it look. It was as though Father had buried a tremen-

dous homesickness in this new soil, and it had rooted and sprung up English. There were Hawthorn hedges, primrose banks and cow-pastures with shrubberies."

If Sunday regimented behaviour, week-days were another matter. Here, through the medium of a child's uncanny discernment, we see the pattern of life in pioneer Victoria. . . . Mrs. Crane, an imitable portrait; Mrs. Lewis, whose stories jumped so sharply out of her mouth she almost lost her breath in the telling of them. We got to the regatta, the Langley's picnic where Emily shamed her older sister "right through".

Words are a powerful, evocative medium, when an artist uses them with imagination. Emily Carr, in her two sketches "White Currants", and "The Orange Lily," writes with disturbing felicity. Grow-ups, with blunt-toed perceptions, must walk warily in this child's world.

This is a book for adults, a skillful transmutation of a child's knowledge and quick sensibility, into a rich and mature experience for the reader.
